

## Alternate project proposal:

- live coding: looks at relationship between audio & text (closer to brief)
  - of project proposal
  - reading: Computation as Material in Live Coding  
Live Coding of Consequences  
The Many Meanings of Live Coding
  - coding: gibber, chuck, pyo,
  - survey of languages: what can they do? how are they structured? ease of learning
  - machine sounds
  - dialogue?
- ==

## Program structure: (could be in multiple scripts?)

Data passed over OSC:

- pitch data / timbre etc ... ?
- scales, tempo etc ?
